Two-day training courses cost £475 and One-day courses are now just £275!

LC Automation training courses are great value, including lunch and training notes.

Please note; FX and Q-Series PLC courses use GXWorks2 in Simple Mode, IEC Developer courses use GXWorks2 in Structure Mode and GOT HMI training uses GT Designer3. All courses are held at our Blackburn office, although venue can be changed to Chippenham (for 2 or more delegates only).

Call LC Automation on 01254 685900 for details
