

NEW

One of our innovations.

Electronic Safety Sensor RSS 36

- Series wiring of the safety circuits to Cat 4 / PL e / SIL 3
- Comprehensive diagnostic possibilities
- Manipulation protection with three coding variants by use of RFID
- With optional magnetic latch
- Switching distance S_{a0} approx. 10mm
- Robust and resistant to more aggressive operating conditions
- Protection class up to IP69K available
- Multiple mounting options
